

Racing across America to save lives

SOAP AID[™]
SAVING LIVES

We're proud to announce that our very own, Mike Matulick, has entered Team Soap Aid in the gruelling Race Across America to raise much-needed funds for SoapAid! Widely considered to be among the hardest bike races in the world, with a 4,800km route that extends far beyond that of the Tour De France or Giro D'Italia, Mike and three other super keen cyclists are going on the ride of their lives to RAISE \$100,000. This equates to ONE MILLION bars of recycled soap that can provide a year's supply to over 40,000 children in critical need! Please support Team Soap and donate now to help reach our goal. www.soapaid.org #soapsaveslives #raceacrossamerica #recycledsoap
