SANTAL 33

The ambition to create an olfactive form inspired by the great American myth still a source of fantasy for the rest of the world...

An amenities line that touches the sensual universality of this icon... that would intoxicate a man as much as a woman... with its unisex signature and addictive comfort.

Here is, in a few words, what SANTAL 33 is... An open fire...The soft drift of smoke...Where sensuality rises after the light has gone.
